DESIGN

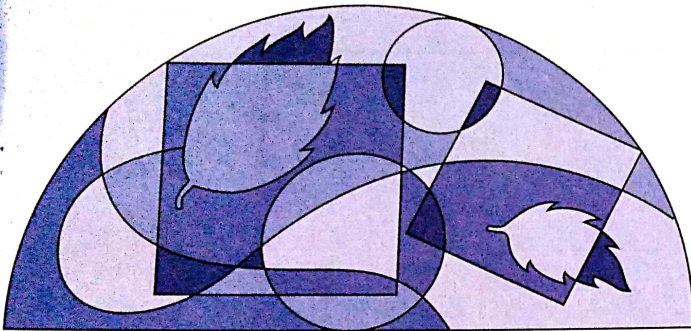

DESIGN PATTERN

We can create a design pattern with the help of different colour schemes.

DESIGN - 1

Using 2 circles, 2 squares, 2 leaf motifs and 2 curved lines, create an overlapping design in a semicircle of 10 cm radius.

Note: You can create your own design by overlapping the above elements in a different pattern.

DESIGN - 2

Using 2 circles, 2 squares, 2 triangles and 2 leaf motifs, create an overlapping design in a circle of 9 cm radius.
